GENESIS

HIGH PERFORMANCE COMPOUND

PRODUCT DESCRIPTION

Genesis™ High Performance Compound quickly and safely removes a minimum of 1200-grit sanding scratches on fresh or old paint, leaving a high-gloss, swirl-free finish. The compound is body shop safe, and contains no wax, silicone, or fillers. Our compound features Nano abrasive technology and beneficial lubricating agents which have excellent scratch removal and leveling characteristics with zero dust residue. This product is safe and effective on all surface coatings.

FEATURES

- Light gray, scent free liquid
- Contains no wax, silicone, or fillers.
- Zero dust residue
- Removes up to 1,200 grit sanding scratches
- VOC Compliant

BENEFITS

- This compound features Nano abrasive technology and beneficial lubricating agents which have excellent scratch removal and leveling characteristics.
- It is easy to use and completely dust free.
- Genesis™ High Performance Compound is safe and effective on all surface coatings.
