## PREMIUM BEAM WIPER BLADES

### Front Blades Technical Data Sheet

#### Product Description:

PetraBlades are high-performance beam wiper blades engineered with premium materials and advanced aerodynamic design. Built to deliver clear visibility in all driving conditions, these blades provide superior windshield contact, durability, and performance. The frameless construction allows even pressure distribution across the blade, ensuring streak-free wiping and long-lasting reliability.

#### Available Sizes:

- 14"
- 15"
- 16"
- 17"
- 18"
- 19"
- 20"
- 21"
- 22"
- 24"
- 26"
- 28"

#### Claims

- Premium beam-style blade for superior performance
- Aerodynamic profile for maximum windshield contact
- All-weather durability with advanced rubber compounds
- Streak-free, chatter-free, noise-free performance
- Designed to fit most passenger vehicles with easy installation

#### Advantages & Uses

- Enhances driver safety with consistently clear visibility
- Reduces wind lift and maintains contact at highway speeds
- Withstands extreme temperatures and weather conditions
- Ideal for passenger cars, SUVs, and light trucks
- Quick, hassle-free replacement for OE-style beam blades

#### Features

- Premium Natural Rubber: Provides smooth, streak-free wiping and extended life
- Aerodynamic Beam Design: Reduces drag, wind lift, and noise
- High-Strength Frame: Corrosion-resistant and built to last
- Uniform Pressure Distribution: Ensures complete windshield coverage
- Easy Installation System: Universal adapters for a wide range of vehicle applications
